Something new is being added to winter sports around Fulton, and we hope it "clicks" with the fans: bowling.

Marvin Denny, who operated the "Shuff-bowl" last season next to his photo studio (across from the telephone office) has installed a couple of new duck-pin alleys and they look good. And just in case some of you strong-arms think you have to thunder a big heavy ball down the alley in order to really be bowling, we would like to point out that there is just as much (or more) skill with the lighter duck-pin ball—and it is just as much fun in league play.

Denny is hoping (and we are too) that he can organize a business men's league and a ladies' league for the winter. Teams consist of five players, and three games (lasting about 2 hours) constitute an evening's play. Eight teams make a good league, and one night a week is all you bowl in the league.

How about it, you sportsmen? This is also a fine and healthful game for non-active businessmen and women. If you are interested, ad can get together a team, call Denny.

### NEW IMPROVEMENTS

Recently completed improvements at the Orpheum theatre include new projection booth equipment, new sound, new stage curtains, lights and screen, Manager Gore announces.

## 1949 COTTON LOAN PROGRAM OUTLINED

Mr. R. C. Wilson, state chairman, Mr. W. L. Rouse, chief of Program Operation, Mr. Homer Yonts of the Marketing Quota Section, and Mr. Kenneth Grogan, fieldman, all from the State Production and Marketing Administration, Lexington, Ky., were in Fulton County Monday, September 19 to explain the Cotton Seed Loan Program. All other cotton growing counties in the State were invited and those attending were: Hickman, Carlisle, Ballard, Graves and Marshall Counties, along with several local cotton farmers.

Mr. Rouse brought out many points of the Program. The cotton seed is supported at \$49.50 per ton. To be eligible for a loan the first provision is: the farmer must have adequate farm storage facilities to fully protect the seed from all seed hazards throughout the life of the loan. Second, the seed must not contain more than 11 percent moisture content. Moisture content tests will be made in the local Agriculture Office. For further information, contact your local Agriculture Office.

### Mrs. Sundwick Will Be Soloist Here

Margaret Stephens Sundwick, violinist, will be the featured soloist with the Union City String ensemble when it makes its initial appearance here at the Fulton Woman's Club October 4, it was announced this week.

Mrs. Sundwick, a Fultonian, will play Kresler's "Old Refrain," Bohm's "Perpetual Motion" and the Gypsy Air, "Two Guitars" as her numbers.

In addition, the 25-piece ensemble will play Mozart's 3-movement "Serenade" and two groups of Victor Herbert melodies.

### WANTED: SAW DUST AND WOOD SLABS

The Pierce-Cequin Lumber Company of Fulton, who ran the following classified ad in the News last week, reported that they sold out of sawdust and wood slabs, and could have sold more if they had more.

FOR SALE: Stove wood slabs and sawdust. Phone 33. Pierce-Cequin Lumber Co.

If YOU have sawdust, wood slabs, cows, calves, stoves or other things around, why not convert them into cash by locating a buyer? An inexpensive classified ad in the NEWS will be read by some eight thousand people in the Fulton trade area, and in Fulton.

Come in, today!

## School News

BY PATSY GREEN

We got off to a good start in Fulton Hi. We had 159 students to report September 12, 1949. We also have some changes in the faculty. First, we have Miss Lois Mobley. She is the Commercial teacher. Next there is Mrs. Clyde Hill, Jr., who teaches Sophomore English and is the assistant librarian. Then there is a woman whom most people that have visited the Fulton City Library recently, know, and that is Mrs. Boyd. She is the head librarian. Mrs. Boyd and Mrs. Hill have been very busy trying to get the library fixed for us and I know we will try to keep it nice. Next, we have a man to whom I, for one, think we owe a good deal of credit. He is Mr. Cullivan, the line coach. We all hope that the boys keep up the good work that they showed out on the field Friday night. The team goes to Greenfield tonight. Let's all root for them and they'll do their best for us.

The rest of the faculty are as follows, Mr. Holland, superintendent, Mr. Jacob, principal, Math, Mrs. E. A. Bush, Hom Economics, Mrs. M. W. Haws, languages, Glee Club, Bill Hogg, Coach, Physical Education, Mary F. Martin, Social Science, Guy E. Phipps, Man-Arts, asst. coach, Mary Doyster, English and Mrs. Trevor Wayne, Science, Math.

The big goal for the year of '49 and '50 will be to raise money for the Jr.-Sr. Prom. We hope that the citizens of Fulton will be active in attending our programs, also to visit our concession stands at the ballgames. The money will go towards the Prom.

I would also like to mention that we have a new cafe right across the street. The cafe is owned and operated by the "Dixons Brothers" and the name is "The Bulldog." It is located where Fuller's used to be. We will miss Fuller this year but we

### "Bulldog" Opens For Business Near F. H. S.

The "Bulldog" has opened for business. Its latest in hangouts for school children and will be a hand maiden of assistance to mothers who want the kids to get a snack away from home at noon.

Opening for business on Monday morning of this week, the snack-shop is operated by the Dixons Brothers in the location formerly occupied by Fuller's Grocery across from the Fulton High School.

Specializing in sandwiches and soft drinks the shop is already a favorite among the school children.

### Fulton-Hampton Road Contract To McDade

A contract for reconstruction and traffic-bound surface on the Fulton-Hampton road, extending from the Hickman County line to U.S. 51, a distance of 1.6 miles has been awarded to McDade and McDade, Fulton, according to an announcement this week issued by the rural Highway commissioner.

McDade's bid on the work was \$20,041.75.

This work is a part of a statewide program which totals almost a million dollars and which will be financed with revenue from the State gasoline tax.

Jimmy Mullineux who has been attending Life and Casualty Insurance School in Nashville will spend the weekend with Mrs. Mullineux at the home of her mother, Mrs. Eva Cochran on Jefferson street.

welcome the Dixons at the Bulldog. It has not been decided at what time they will close. He says that as long as we keep coming he will stay open. Let's all show him that we appreciate the Bulldog and want it to remain by patronizing it.

### DRESDEN LOSES 27-0

The Fulton High School Bulldogs took their opening game from the Dresden, Tenn., Lions by a score of 27-0.

The Bulldogs received to start the game and in three running plays had chalked up a first down. Then Dresden came to life and set them back on their heels with a 16 yard loss but that was all for Dresden. Fulton dominated the picture the rest of the game. Early in the second quarter little Don Mann took a hand off from the quarter back and scampered 15 yards around end for the first marker. The seventh

### Poultry Picnic Will Be Held At Palestine

The Annual Fulton County Poultry Picnic will be held at the Palestine Community House, Wednesday evening, September 28th, with a picnic supper being served at 6:00 p.m.

Mr. J. W. Matthews of Kentucky Poultry Improvement Association will be the principal speaker, while Mr. Humphrey will be present to assist with the discussion.

All Poultry Producers are invited to attend and bring a picnic supper. Cold drinks will be furnished.

## LOAN RATES ON SOY BEANS MADE KNOWN

Chas. E. Wright, chairman, Fulton County A.C.A. announced today that the loan rates for 1949 soybeans have just been received by the County office.

The price support for 1949 green and yellow soybeans grading U.S. No. 2, containing not more than 14 percent moisture, has been established at \$2.11 per bushel, while the support on black, brown, and mixed beans of like grade and moisture content is \$1.91 per bushel. Loans may be obtained on beans grading No. 3 or No. 4 at a small discount, depending on the cause of such grade, but this moisture content must also be 14 percent or less.

This loan is available for Farm Storage. These storage facilities must be of such substantial and permanent construction as to afford safe storage of soybeans, permit effective fumigation for the destruction of insects, and afford protection against thieves, rodents, other animals, and weather. For further details contact your local Agriculture Office.

### W.O.W. Initiate Three At Meeting

Evergreen Camp, Woodmen of the World, met for initiation Monday night at the YMBC hall, and the following were introduced into the mysteries of Woodcraft: Billy Bennett, Sonny Armbruster and Buster Owens.

The meeting was attended by a large number of local Sovereigns and visitors from Hickman, as well as by District Mgr. McNeely, Thaddeus Koonce, who has been a member for 43 years, was introduced.

The Fulton Camp meets each third Monday night.

## Women Here To Stay Theme Selected For Fashions

"Women Are Here To Stay" is the theme of the Junior Woman's Club Fashion Show to be held at the Woman's Club next Tuesday night, and what's more the young ladies of that club intend to show the reasons, if wearing apparel is any indication.

Mrs. Morgan Omar, general chairman of the eagerly anticipated annual event said that fashions dating back to the gay nineties would be shown during the program as a contrast to the ultra-modern lines to be shown by local merchants and modeled by more than 45 ladies and children.

A chorus of the younger smart set will give with music and dance in keeping with the styles of yester-year and today.

Several committees of workers have been making preparation for the showing for more than a month, and if the intention to make each fashion show bigger and better with the years is any barometer, then this year's event will surpass any similar event held in the history of the club.

Mrs. Hendon Wright will act as mistress of ceremonies and Paul Westpheling and Mrs. Bradley Emerson will furnish the music in keeping with the styles.

## SCOUTERS MEET, PLAN FOR FUTURE

The regular monthly meeting of Dry Lake District Committee was held at the City National Bank Monday night with the following present: Presiding Chmn. Foad Homra, Field Executive Elbert Johns, Rev. Rueb, Rev. Stone, W. B. Speight, Billy Blackstone, Bradley Emerson, Maxwell McDade, Louis Weaks, Ual Killebrew, Stanley Jones, Grady Varden, Louis Kasnow, Jack Speight, Milton Exum, Sid Rose, Ernest Cardwell, Van Latta, R. E. Sanford, Bertie Pigue.

Reports were made concerning the Scout Circus held here June 2nd, the Phillmont Ranch trip made by Louis Weaks, Elbert Johns and Ual Killebrew with twenty boys from the Council—this was a 2500 mile trip by bus to New Mexico where 130,000 acres have been presented as a national area for the Scouts by Mr. Phillips.

Cub Pack 40 reported a good reorganization meeting last Thursday night at the Methodist Church, eight den mothers have been named and eight dens will complete their organization within a few days.

National Roll Call will be held in each troop this month to determine a personal status of each scout. The next International Jamboree will be held in Philadelphia next June.

Another Scout Circus will be given next year possibly in Mayfield or Union City. The Phillmont Ranch Trip by bus will also be an annual occurrence. Plans were made for Lone Scouts who live too far from Scout Troops to be active members. Next meeting will be the third Monday night in October.

### C. of C. Dinner Meet At Harmony Church

The Fulton Chamber of Commerce will conclude its series of summer dinner meetings in the Harmony Church community next Tuesday.

The secretary will visit members for their tickets before the meeting, and non-members are also invited to attend. Tickets may be obtained either from the secretary when she calls, or by telephoning 43, or at the door Tuesday evening.

Mrs. H. M. Khourie and Dr. S. Nafah of Colorado are the guests of her daughter, Mrs. Fred Homra and family on Norman street.

## Parking Meters To Be Fully Paid Oct. 1st; Payment In 23 Months

### WSSC SEMINAR HERE ON SEPTEMBER 30

A Seminar for the Woman's Societies of Christian Service of the Paris District will be held at the First Methodist Church, Fulton, Friday, September 30 at 10 o'clock. The president of the district, Mrs. Warren Graham will preside.

The theme of the program will be "Toward One World In Christ." The study courses for the year will be presented and other departments of work discussed relative to the study program.

Mrs. Charles Henderson, Memphis, Conference Secretary of Missionary Education, will present the study on "Japan;" Mrs. W. S. Atkins, Fulton, Conference Secretary of Christian Social Relations, will give "We The People of The Ecumenical Church;" Mrs. E. V. Underhill, Martin, Conference Secretary of Spiritual Life, will give "Women of the Scripture" and "Cooperation for a Christian Nation" will be given by Mrs. Graham.

Youth and children study programs and program committee work will be discussed by Mrs. Cecil Page, Hazel, District Secretary of Student Work, Mrs. Rue Overby Murray, District Secretary of Children's Work, and Mrs. M. H. Fitts, Martin, District Vice-president. Wesleyan Service Guild work will also be presented.

All officers of the societies of the district are expected to attend and others are invited. Lunch will be served at noon in the church dining room. The session will close at 3 o'clock following a Dedication Service conducted by Mrs. Underhill.

### BULLDOGS TO PLAY GREENFIELD TONITE

The Fulton High School Bulldogs, fresh from a 27-0 victory over Dresden last week, will play Greenfield there tonight.

The Yellowjackets, who lost a lopsided game to Milan last week are one of the two teams that the hapless Bulldogs team beat last season.

A good crowd from Fulton is expected to see the game.

### Brown Leaves; Gore Manages Theatres

Billy W. Gore, native Fultonian who began his career in the motion picture industry here before the war, has returned from Tupelo, Miss., this week to assume management of the Malco theatres in Fulton. He will manage both theatres until October 1st, when the Fulton-theatre will be turned over to the KenArk-Tenn Company, a Paramount subsidiary, with the Malco organization retaining operation of the Orpheum.

Gore succeeds Joe Brown, who has managed the Malco houses here for the past several years. Brown has been promoted to the management of five Malco theatres in Camden, Ark., and he left Monday for his new position.

The new manager for the Fulton theatre will probably be named by the KenArk-Tenn Company next week.

Mrs. H. M. Khourie and Dr. S. Nafah of Colorado are the guests of her daughter, Mrs. Fred Homra and family on Norman street.

## More Than \$10,000 Paid for Parking Meter System; City Realizes Like Amount In Additional Revenue; City To Be Sole Owners

On October 1, the City of Fulton will become sole owners of the 165 parking meters installed on down-town streets. The last payment to the Magee-Hale Company, manufacturers of the Park-O-Meters, will be in full for the more than \$10,000 investment of the parking meter system.

Payment of the meters by the City Council was made in record time, an official of the company said, yet realizing for the city approximately \$10,000 in revenue in the 23 month period that the system has been in operation. Parking meters here were installed in November 1947, with much debate on the part of the City Council and local merchants. At the time they were installed an agreement was made by the City and the parking meter company that half of the proceeds from the meters would be made to retire the cost of the meters, and the other half would be used by the City for expenditures from the general fund.

The meter system has proved most satisfactory to down-town

## ROTARIANS MOURN H. V. SOMERVILLE

Friends in Fulton learned with regret of the untimely death of Vasser Somerville, outstanding Rotary leader who passed away at his home in Paris, Tenn., last Friday. Mr. Somerville, 70, was instrumental in organizing the local Rotary Club.

A leader in Rotary circles in Tennessee, Mr. Somerville Friday had attended the meeting of the Paris Rotary Club, of which he was president in 1923.

He was born at Carrollton, Miss., the son of the late Dr. T. H. Somerville and Mrs. Ella Vasser Somerville. His father was dean of the Law School at the University of Mississippi at one time.

He was graduated from the University of Mississippi, and shortly afterwards moved to Paris, operating a livery service and selling work stock in 1914. In 1916 he married, Miss Julia Compton of Oxford.

After serving as president of the Paris Rotary, he was district governor of the old 163 District in 1926-27. He also served on committees of Rotary International.

Mr. Somerville was one of the original group that organized the Tennessee Society for Crippled Children. He had been vice president of the society. He was a member of the Council of the Cripple Adults Hospital in Memphis.

During World War I he was one of the leaders in Henry county in Red Cross work. He was a member of the Board of Directors of the local chapter at the time of his death.

He was a member of the Presbyterian Church. He leaves his wife, a daughter, Mrs. George Smith of Bisbee, Ariz., and four sisters, Miss Ella Somerville Mrs. John Culley and Mrs. Relbue Price of Oxford and Mrs. David Bishop of University, Miss.

### Burcham Joins Firm

Randall Burcham, a Union City, has purchased an interest in the Fulton Paint and Glass Company and began his association with the local firm this week. He will be assisted by Everett Bradley in the glass department, who has been with the firm in Fulton since its organization two years ago.

parking and a life-saver for the City in keeping abreast of its current expenses without the necessity of making short term loans to meet city obligations. After October 1, all proceeds from meter collections will be put in the general city fund.

An official of the parking meter company said that collections in Fulton were far ahead of other cities in this area. Collections in Martin, Tenn., average less than half of those in Fulton, while Hickman collections total approximately \$90 a month. In Fulton the average collection over a twelve-month period is \$900 monthly.

Much of the efficiency of operation and collections in the meter system can be attributed to the police department, and more particularly to Hansel Williams, officer in charge of meter maintenance and collections. Of his diligence a local citizen recently said:

"If I have to make a quick stop down-town I first pass by the police station to see if Hansel is there. If he is, I feel safe in jumping out of the car and running the errand without putting a penny in the meter. That's a big joke," he said, "because by the time I get to the parking space Hansel is there, patting his foot, waiting for me to put the penny in the slot."

Installation of the parking meter system was made in November 1947 for a trial period of six months. The trial period was an alternate revenue-producing measure attempted by the city in lieu of privilege licenses for local business firms. The trial meter system proved so successful that the privilege license measure has been abandoned.

The parking meter system is one of several progressive steps made by the city in the past two-year period. Among them are the new water works system, the dredging of Harris Fork Creek, improvement of city streets, needed improvements in the City Hall, and a score of others.

### Fishing Conditions In Fulton Area

REELFOOT LAKE—Water conditions fair, bass biting fair on live minnows and spinners, some crappie are being taken. Bream fishing is poor.

KENTUCKY LAKE—At Paris Landing: Crappie fishing picking up and good catches reported recently, bass fishing fair to good but spotty. Water clearing, lake dropping slowly along with temperatures.

KENTUCKY LAKE—At Perryville: Water clearing after being murky and choppy. Fishing still only fair. A five-pound bass was landed recently near Fisher's Landing. Several persons have caught crappie in small numbers.

PICKWICK DAM—Water clearing somewhat, outlook fair if no high winds. Few sizable catches reported of late.

## Shoot The Song-Writers . . . . . Gypsies Ain't Telling No Secrets!

You can take this reporter's word for it, the man who wrote the song about the quaint caravan and a lady called a gypsy, just ain't up on his gypsies. That "quaint" caravan is today the last word in trailer elegance, and the latest model Cadillac has replaced old Dobyn for travelling. One thing is sure the lady in the caravan did tell at a glance that MY FUTURE had fears . . . fear of being be-headed.

It happened like this. A few weeks ago the town was buzzing with talk about the death of a patriarch among gypsies. His death brought great grief and sorrow among his flock who were here with him all employed by a carnival. Death com-

ing suddenly as it did, the shock was great among his family. Their display of sorrow was an even greater shock to Fultonians and more particularly to the staff of a Fulton hospital and a local funeral home. To say that all Hades broke loose, is an understatement, and to say that time, or realization, or kind words of comfort eased the demonstrations, would be to tell an untruth. The beating of drums was as soft taps compared to the beating of chests. It was bedlam.

But to get back to the quaint caravan.

On being told by the funeral director that funeral ritual among the gypsies was "unusual" (how we do abuse the English

language) we took pad and pencil in hand to seek the "how come" for such things as putting an old suit clothes in the casket. Why a new towel and comb and brush and mirror were placed at his feet. For what reason a handkerchief in his suit pocket and one in his back pants pocket was a "must."

The "how come" department, we were told, might be found on a highway leading out of the city, where in modern elegance lived a palmist, whom we thought might give us the light for the shenanigans. We found the "caravan" and were ushered into the plush surroundings with all the welcome befitting a dignitary, or a paid customer,

whichever is the greater in the eyes of a palmist.

Seated comfortably we told the reason for our mission . . . and there in the short span of a life-mark on the palm, we were eaten up, almost alive. Believe you us, in eighteen years of reporting, its impossible to learn how to cope with the wrath of a fortune-teller, who is off duty.

Madame Lazonga, (just to confuse you) wasn't a gypsy, and she wasn't about to tell us why the survivors of the deceased gypsy wanted to push the hearse to the train. Or why they poured water over the spot where the hearse stood and then washed away the ripples.

Fact is she didn't know and cared less why a cross placed in the folded arms of the deceased was made from yallow that fell from the tapers. She wasn't remotely concerned with the reason for the constant chanting at the bier . . . we secretly harbor the thought that her only concern was to see us at a bier . . . and we don't mean the kind with suds either.

We just don't why our initial question set off the powder to her dynamite of temper . . . nor will we ever know, or try to find out, who put the suit of clothes in Mr. Gypsy's bower.

One thing we know. Song-writers are a sorry lot, sometimes.

fiscal year ending June 30, 1949. This was announced this week by David K. Walker, director of Division of Excises, Kentucky Department of Revenue.

The 1946 legislature passed the Kentucky Agricultural Refund Act which allows farmers to be re-imburshed for tax paid on gasoline used exclusively in actual farm operations.

As of February 1, 1949, all gasoline subject to refund was colored purple with a special "identifier dye" furnished to gasoline distributors by the Department of Revenue.

At the close of the fiscal year of June 30, 1949, the Department had 16,200 active refund permits on record, an increase of 4,900 permits over last year.

Refund gasoline cannot be used in vehicles that operate on the highways. In the ten months ending August 1, ten permits were revoked for violations of the Department regulations covering the use of refund agricultural gasoline.

**Pasture Program Shows Need For Livestock**

Thanks largely to the "keep Tennessee green" drive, the State's pasture program is getting ahead of the numbers of livestock, which centers greater attention on necessity for getting good breeding stock and stockers and feeders, say U-T Extension livestock specialists.

Livestock and swine producers, therefore, are urged to take advantage of the purebred and stocker and feeder sales sched-

uled throughout the State for the next two months as opportunities to build up their herds. Some two dozen such events are scheduled, both for adults and junior livestock producers. County agents have copies of the schedule, and can advise breeders and feeders where events are booked in which they are interested.

**County Agents Have Storage Crib Plans**

Farmers have been assured of a corn support price of 90 percent of parity, provided the corn is properly stored. Furthermore, this year the Government offers to lend up to 85 percent of the cost of constructing adequate storage facilities.

In view of this, and an anticipated record corn crop, farmers are reminded that plans for good storage cribs may be obtained from the U-T Agricultural Extension Service. The plans, drawn by Extension Architect Max Falkner, provide a complete building print. Copies may be obtained from the county agent; ask for Extension Special Circular 333, Corn and Grain Storage.

**ONE OF KENTUCKY'S TRADITIONS****Family Reunions**

A family reunion in Kentucky includes everyone from great-grandparents down to the newest baby. There are aunts, and uncles, nieces, and nephews and cousins three and four times removed. One and all gather for the big feast that concludes a Kentucky family reunion. It's all part and parcel of a fine old tradition.

Yes, and beer is a tradition in Kentucky, too!

Like family reunions, BEER BELONGS in Kentucky. Wherever Kentuckians gather you'll find those who select beer as their favorite beverage, for beer is the beverage of moderation.

Eight rugged crews of pipelayers—hundreds of specialists who are working 10 to 12 hours a day under the summer sun—have passed the half-way mark in building Texas Gas Transmission Corporation's new 800-mile pipe line that runs near here.

Put under contract last May by six major construction firms employed by Texas Gas, their goal is to have the new 800-mile artery in the ground and delivering natural gas by the end of the year.

**Under Roads and Rivers**

Even for veterans with a quarter century of experience in laying pipe lines throughout the world, the Texas Gas project is a tough, challenging job, made more difficult by the need for speed.

From Texas to Ohio the bulldozers have built a road-like right-of-way wide enough and strong enough to hold the long trucks, heavy tractors, and steam shovels that are now in action laying the pipe lines.

Through seven states, under 15 rivers, men are pushing the pipe line. Before December they

will run four pipe lines under the broad Mississippi and Ohio rivers.

They will bore under 55 railroads and 149 highways without slowing one passenger car or railroad train.

**Boomcats and Bulldozers**

Perhaps you have seen them as they tapped the reservoir of supplies built up at nearby railroad sidings over the past few months and made preparations to get the 175,000 tons of pipe the ground.

Behind the bulldozers have come other crews: boom cats picking up the pipe, engineers bending the 26-inch tube to the proper curve of the land, welders tacking and beading the 40-foot sections together, machines coating and wrapping the pipe to protect it once it is in the ground.

The pipe liners you have seen are employed by the contractors working for Texas Gas to do a big job, fast.

Each day that they add another mile to the pipe line helps Texas Gas reach its goal of completing the long-distance carrier by the year's end.

Bending the pipe to conform to the contours of the land.

A section of pipe is carefully moved into position near the trench.

Clamps hold the pipe sections firmly until they can be welded together.

point was also added by Mann in a line plunge. Again just before the half Mann took the ball around left end to score his thirteenth point of the game. The point after the touchdown was incomplete. Collins scored for Fulton in the third quarter and Mann added the extra point on a line play. Freshman, Dawson Huddleston, chalked up the last touchdown for Fulton and a pass to Bill McCollum was good for the extra point.

The line play was fairly good for the Bulldogs but looked ragged in spots. Jerry Forrest big veteran right guard turned back countless Dresden end runs. Dawson Huddleston played a hard-driving game at full-back.

Friday night the Bulldogs play the Greenfield, Tenn., team. The Greenfield team is in a higher bracket than the Dresden Lions and the two teams are more evenly matched with neither team having a great advantage in weight. Billy Browning, who was out last week with an injured arm, is expected to return to action Friday. The game will be played in Greenfield.

### SENIOR NEWS

A new school year has begun and if you happened to drop in at Fulton High, you would see forty seven smiling Seniors. We are glad to reach the rating of a Senior and we are also very proud of our hard working sponsors, Miss Mary Royster and Coach Ed Phipps.

## 24 - Piece Union City String Ensembly will Appear Here in Concert October 4;

The Union City String ensemble, which since its organization about a year and a half ago has grown from five to 25 talented musicians from Fulton, Hickman and Union City will present 2 concerts in Union City, September 26 and 27 at the Waldron Theater and on October 4th will appear in Fulton for a concert at the

Woman's Club building at 8: p.m. The concerts will mark the orchestra's first appearance since its initial recital last November which received a wide ovation.

No admission fee will be charged, but a free-will offering will be taken during intermission to help defray expenses of the concert series and to provide music

for the large group.

The aggregation now consists of 25 leading musicians. A number of others have applied for membership and are now on the waiting list. The membership will be re-opened after the concerts and the orchestra expects to have a company of 50 players within a few months.

John Bishop, talented Union City High School band instructor and recently-elected choir director of the First Methodist church, is the conductor.

Members of the orchestra pictured above from left to right are as follows: (seated) Miss Willie Belle Mayes, Jerry Warmuth, Roma Satterfield of Fulton, Mrs.

David Sundwick of Fulton, Paul Luton, Mrs. Thomas W. Jernigan, Mrs. Don A. Gardner, Martha Scates, Louise Hancock of Fulton, Bruce Dyer, Tommy Phillips of Fulton, Eleanor Colville, Geraldine Grissom, Mrs. Orville Manley, Jr., John Simmons, violinists, Dorothy Ams, assistant pianist; J. L. Glover, Miss Emma Sue

Maddox, violists; Miss Ann Dietzel, and King Davis of Hickman cellists. Standing are Conductor Bishop, Mrs. Guy Jones, pianist, Jere Doss and Dr. Don Gardner, basses.

J. A. Howard, editor of the Hickman Courier, and a violinist with the local group, was unable to be present when the picture was taken.

Mrs. Eva Cochran and daughter, Mrs. Jimmy Mullinex and little daughter, Mary Ruth have returned from visiting relatives in Gleason, Tenn.

The thought of who is dating whom has to enter a gossip column, so I'll try to let you in on a few of their secrets.

It seems that N.S., A.L. and C.M., are a "little on the lonely side" without W. M., S.M. and G. R. who graduated from F.H.S. last year.

Everybody knows by now that J.F. and T.M. have had a little trouble getting long lately, but we hope they will soon patch things up.

B.W.'s eyes always light up when you mention Mo., come on B.W. and let us in on who makes Missouri one of the best states you know.

I see P.G. going to the post office everyday to mail a letter to San Diego, Calif. P.G. could it be a sailor you are writing to?

S.E. has a secret love in New Jersey, I hear. Cheer up, S.E. he'll be back in a month.

R.H. and T.G. are still hitting it off.

B.L.B. has already made up her mind that she is going to the University of Kentucky to college. B.L. who is in school at U.K. that makes you so anxious to go?

I have heard that you can ask A.M. who Fulton's best football player is and the immediate answer you will get is D.C.

Lewis Polsgrove, Don Mann, Bobby Copeland, Jerry Hawks, and Harold Wiseman. So naturally we think the Sophomores helped win the game.

Now I guess you would like to know a little about who is going with whom. And who is after whom?

P.M. is after a boy that goes to Annapolis.

R. B. is still going strong with J. S.

Who was that with D.L.P. last Friday night? Could it have been his "Old Flame" B.J.T. I sure hope it was so she will leave certain other boys alone.

Who were the sailors B.D., J. H. and J. C. had dates with not very long ago?

By the way, we sure would like to know where J.W. is getting all those good looking men she is seen with.

Is it true that a handsome guy is writing to L.H. from Vanderbilt?

### FRESHMAN NEWS

Could it be J.P., M.S.H. has been with so many times this week? Don't keep secrets like that from us, Martha.

M.D.W. had better tame those roaming eyes of her's. They seem to be erected on a certain Sophomore.

Two boys from Water Valley, Billy Pirtle and Dickie Gossum, have recently been added to the Freshman class.

Sonney Looney has been working hard this year but is it on lessons.

Virginia Forrest, our pepie cheerleader, is spending her time, between games, watching South Fulton. Why, Virginia?

What is the matter with B. B. these days? Could it be girls, lessons, or football? Come on Bobby, tell us your troubles.

I wonder why Frederica Gib-

son likes South Fulton so well transferred from F.H.S.

Does V.M. have a boy friend or not? Tell us all about it or we will find out anyway.

### The Missing Heir Now Cannot Find Estate Left Him

James Moseley (Jimmie) Dyer, Martin Indian, returned Saturday from a trip to Oklahoma where a reputed fortune awaits him.

Jimmie "went West," but came back disappointed, discouraged and without a "pot of gold."

Dyer reports that the authorities in the Indian territory around Muskogee, Okla., advised him to find out the source of the broadcast that Dyer heard over a Cincinnati radio station, just which network broadcast the information etc., and then he would have no trouble tracing the report down.

Dyer, handyman of Martin, who is characterized by his pushing a two-wheel cart about town daily, and who resides in a humble house and section of town, has been seeking information for three months, following his hearing a broadcast late one Saturday night, stating that a "missing heir," James Moseley Dyer was being sought after a rich Indian uncle had died in the West, leaving him a vast estate, money and ranch already stocked with cattle.

Jimmie has been unable to find any facts regarding the broadcast, although several other people heard it also. It would appear that it was a network relay, perhaps transcribed, and he also knows he did have an Indian uncle in the West, but, over many years of disconnection, all trace was lost. He knows his uncle's name, but not where he resided.

Authorities in Muskogee told Jimmie that no one by the name had died in the territory; that he evidently had moved out of the reservation long ago and established himself; and if this be the case, they would have no record of it now.

His fortune hunt seems to be futile. He said unless he can find

out where the first broadcast originated from, he imagines he is at his row's end.

A sister at Mayfield also made a trip to Oklahoma, and says she also was unable to find out anything. Meanwhile, Jimmie sits anxiously beside his radio each night in hopes of again catching something on the story that he is wanted as a missing heir.

### Mississippi Plantation Life: The Writings Of Mattie Dear

I was blessed to be at Pleasant Valley M.B.C. pastored by the Rev. Raymond of Shelby. Scripture lesson read by Deacon Johns. Hymn lead by the choir. Prayer by Bro. Perry Wade.

Rev. Hanklin offered a prayer after the ushers did their duty. Rev. Gray and Sister Willie Thrash of Chicago, Ill., lifted the public collection, the sum of \$10.60, then Sister Thrash sung.

The Pleasant Valley of Miss. raised for the Pleasant Valley of Chicago the sum of \$1.50. Rev. Gray opened the door of the church and received one in person of Sister Mattie Perry by letter. Dr. Watts lined a hymn. Solo by Mrs. Missouri Taylor.

My husband and I are now picking on our third bale of cotton. We have plenty to pick and that is one God's blessing. My folks of Chicago stopped into see me, the Rev. and Mrs. J. H. Irvin.

My cat died and left 3 kittens and I got a puppy and he has not never been a mother but now she is taking care of them.

### TREAT TO EAT

It's open season on Welsh rabbit. You can't miss when you serve golden cheese sauce over toasted English muffin for a new taste treat. This popular bread rates tops in nourishment, too, for, made with enriched flour, it

is a good source of essential B-vitamins and iron.

If you're dieting to lose weight, cut down on total calories, but keep menus high in protein and essential vitamins and minerals.

Enriched bread should have a part in every reducing diet because it supplies protein, iron, food energy, and three B-vitamins—thiamine, niacin, and riboflavin—to help keep you fit while reducing.

## MILLION DOLLAR PARK FOR PARIS

Contract-letting at Paris Land- ing Park may begin within five weeks, according to S. C. Taylor, director of state parks.

Mr. Swann said the park is past the proposal stage and the cash is ready for construction work to begin. He said \$200,000 would be spent on dock facilities for small boats.

"We intend to create the most outstanding small boat fresh water harbor in the United States, at the park here," Mr. Swann said. He added that when the work is completed here, it will have cost "about \$1,000,000.

Pointing out the average pri-

vate dock facility is unsatisfac- tory, Mr. Swann emphasized the docks here would become a model for the Southeastern states.

In addition to the docks, the park area will have a capacious lodge, containing a restaurant, assembly room capable of serving meetings of civic clubs, play- grounds, etc.

The recreation area will have concrete swimming pools, Mr. Swann said.

There are 350 acres of TVA- owned land in the proposed de- velopment, Mr. Taylor said, and Mr. Swann added it is hoped ad- ditional land adjoining could be turned over to the state for use in the park.—Parisian.

Mike Conovan, one of the players with the Fulton Baseball Club, is now an employee on the shipping floor at Siegel City. I was talking to Mike one day this week and he told me about a game he played in last Sunday. He was playing with a team from Waynsboro, Tenn., opposite The Monsanto Team from Columbia, Tenn. The team with whom Mike was playing won with a score of 4-2. Mike only gave up four hits with no earned runs. Also, this team has mostly players that have played class "A" baseball and have only been defeated four times.

After talking to Mike a few minutes, you can readily see that baseball is a favorite subject of his. He was very proud of winning and we are proud for him. We are looking forward very much to seeing Mike pitch for Fulton next year.

**SOUTH FULTON P.T.A.  
HONORS TEACHERS  
ON SEPTEMBER 15**

The South Fulton P.T.A. had its first meeting of the year and a pot luck supper Thursday night September 15 at the school.

The supper was in honor of the new teachers and teachers of the past years. A lovely supper was served to between seventy five and one hundred. The new teachers were introduced to the group.

Following the supper the business meeting was held, with Mrs. Bill Smith, chairman, presiding. Mr. Mack Burrow, principal, made a talk on the new equipment needed for the school.

A new membership drive is to be held with Mrs. Herman Owen as chairman. The next meeting will be Thursday October 13 at the school.

**Guess who's losing sleep over this one?**

FOR years, folks have talked about the "low-priced three" in the car business.

For a generation these have been the same three cars, unchallenged for position simply because they were lowest priced.

But take a look at the beauty pictured here and ask yourself:

How would you like to sell against it, with its wealth of Buick features?

How would you like to compete with it when it wears a price tag any new-car buyer

can reach, gives you straight-eight performance for less than many sixes?

Truth is, this one sets a lot of standards that are going to be hard to match.

This styling is certainly something to start other designers tossing in their sleep.

This handy size—a dream in traffic, yet generous in interior room—is a "must" for cars yet to come.

The lift of high-pressure Fireball power—the level-going comfort of the Buick ride—the luxury of Dynaflo Drive, here op-

tional at modest extra cost—all these are wanted things others just can't overlook.

So why not do the obvious thing and go see the car that's causing sleepless nights in Detroit?

Study its smartness, test its room and comfort, try its handling, note the precise figures of its delivered prices.

You can do all that on a single trip to your Buick dealer's—and make your selection of a wide choice of equipment and colors at the same time.

**TEN-STRIKE!**

Only Buick SPECIAL has all these Features!

TRAFFIC-HANDY SIZE • MORE ROOM FOR THE MONEY • DYNAFLO DRIVE optional at extra cost • JET-LINE STYLING • NON-LOCKING BUMPER-GUARD GRILLES • HIGH-PRESSURE FIREBALL STRAIGHT-EIGHT ENGINE • COIL SPRINGING ALL AROUND • LOW-PRESSURE TIRES ON SAFETY-RIDE RIMS • GREATER VISIBILITY FORD AND AFT • SELF-LOCKING LUGGAGE LIDS • STEADY-RIDING TORQUE-TUBE DRIVE • THREE SMART MODELS WITH BODY BY FISHER
